1. General provisions

These Terms set out the rules for using valorisworld.com. The site is informational and presents the artistic and narrative Valoris World project and its fictional characters. Use of the site is free and does not require registration.

2. Character status and nature of content

Wiktor d. Ville and Sofi Solberger are fictional virtual characters. They are not real people. Content on the site and its associated social media profiles is created using artificial intelligence tools and edited by Valoris World. Any resemblance to real people is unintended.

3. Labelling AI content (AI Act)

In accordance with the requirements of the European Parliament and Council Regulation on artificial intelligence (AI Act), AI-generated content — including character images — is labelled openly and clearly. Labelling is provided through a permanent notice on the site and in social media profile descriptions.

4. Health content — disclaimer

Information on longevity, supplementation, biohacking and related topics — particularly content attributed to Sofi Solberger — is for informational and educational purposes only. It is not medical advice, a diagnosis or a therapeutic recommendation. Consult a qualified doctor or specialist before making any health-related decisions.

5. Copyright

All site content — texts, graphics, character images, concept and structure — is the property of Valoris World and is legally protected. Copying, distribution or commercial use without the operator’s permission is prohibited.

6. Rules of use

Users undertake to use the site lawfully and in accordance with accepted standards of conduct. Actions that disrupt the site or infringe the rights of the operator or third parties are prohibited.

7. Liability

The site is provided “as is”. The operator strives to keep content reliable and available but is not responsible for decisions users make based on informational content, particularly health content (section 4).

8. Contact and changes to the Terms
